

Students wishing to enroll in Directed Independent Study (DIS) must complete this registration form. Upon receipt of a Biology faculty (or Biology affiliate) member's signature, return the form to the departmental office on your designated campus. Failure to adhere to this procedure may delay receiving a satisfactory grade or a title for the completed project. It is clearly the student's responsibility to complete the requirements of a departmental DIS.

Grading for this course is S/U. In order for a DIS to be counted as biology elective, it must be taken within the Department of Biological Sciences. For degree requirements please meet with your Academic Advisor.
